Year 8 Parent Payment Arrangements, 2023

Dear Parent / Guardian,

Colac Secondary College is looking forward to another great year of teaching and learning and would like to advise you of the voluntary financial contributions for 2023.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. **Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students.** We thank you sincerely for all your support, whether that be through financial contributions, fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.

Within our school this support has allowed us to provide the following:

- Practical consumables and classroom equipment to facilitate learning
- Specialist software, online learning programs, and assessment tools
- Printing and photocopying of worksheets and learning materials
- AVID – a whole learning framework for students
- Leadership and personal development opportunities
- Access to the Compass Portal which connects you and your child's learning to staff at the College
- Whole school events such as athletics and swimming carnivals
- Access to external student welfare programs
- Building and landscaping works within the College
- Classroom and study furniture upgrades within year level buildings

Support from parents connected with the College continues to enable us to provide an outstanding secondary curriculum program for our students from Years 7 - 12 and ultimately, continue to raise our profile within the local community.

I therefore wish to thank all parents in anticipation of their ongoing support of the College.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,
