Year 9 Parent Payment Arrangements, 2026

Dear Parent/Guardian,

Colac Secondary College is looking forward to another great year of teaching and learning and would like to advise you of the voluntary financial contributions for 2026.

Schools provide students with free instruction to fulfil the standard Victorian Curriculum and we want to assure you that all contributions are voluntary. **Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students.** We thank you for all your support, whether that be through financial contributions, fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.

Within our school, this support has allowed us to provide the following:

- Practical consumables and classroom equipment to facilitate learning
- Specialist software, online programs, and assessment tools to gauge student progress
- Resources, worksheets and learning materials
- Leadership and personal development opportunities for our students
- Access to the Compass Portal, which connects you and your child's learning with staff at the College
- Whole-school events such as athletics and swimming carnivals
- Access to library resources
- Building and landscaping works within the College
- Classroom and study furniture upgrades in student buildings

Support from parents connected with the College continues to enable us to provide an outstanding secondary curriculum program for our students from Years 7 – 12 and, ultimately, continue to raise the achievements of our students.

I therefore wish to thank all parents in anticipation of their ongoing support of the College.

For further information on the Department's Parental Payments Policy, see the one-page overview attached.

Yours Sincerely,

Skye Bannan
Principal
